GETTING YOU BACK TO WORK, SPORTS, LIFE.....AT ANY AGE

Health is your greatest asset

Our mission is to make employee health your company's greatest asset. Health is at the foundation of employee performance and business achievement. We create opportunities for health by promoting a culture of prevention.

Trusted Resource

Kitsap Physical Therapy has been serving Kitsap County for over 40 years. Our expert team of physical and occupational therapists work with you to support employee health and performance. Further, our employer offerings are supported by our partnership with Pro-Activity, a company that specializes in improving employee health (and has a decades-long track record to prove it).

Prevention Process

- ***Engage***
We meet with your company stakeholders to better understand your current needs and goals.
- ***Connect***
Our efforts are rooted in mutual respect. We work collaboratively with your employees to earn their trust.
- ***Assess***
We analyze data to discover the greatest risks your employees face. We use these insights to create a customized solution for your company.
- ***Improve***
We manage risks proactively. Our comprehensive service offerings reduce risks, improve health, and decrease associated medical costs.
- ***Sustain***
Sustainability equals success. Investing in prevention promotes a culture of health allowing results to compound.

***Invest in health,
save on care.***

Total Well-being Approach:

Our team utilizes a comprehensive approach to catch what would otherwise fall through the cracks.
